

## NEXT-DOOR NEIGHBORS.

MANNING.  
Manning Times.

We are told that the Silver section is flooded with liquor and that a number of the lawless dealers have become so bold as not only to defy the State, but they are defying the United States.

The ladies of Packsville Methodist church propose serving oysters, cream, etc., with several other attractions—a fish pond included—on Friday night, Dec. 10. A cordial invitation is extended to all.

Some time last week Mr. Frank McKnight, who lives near Brunson's Roads, made a costly experiment with Paima Christi or eastern oil seed. He pounded up the seed and gave them to his two horses and the result was that both died.

Mr. C. A. Bradham, of Silver, has placed upon his desk a sample of his "Georgia Best" seed cotton he claims it is far better than the "limbless cotton" as to staple and yield; it has a black seed not unlike Sea Island cotton and Mr. Bradham is quite carried away with it.

A very sad accident occurred within the corporate limits on Mr. W. S. Harvin's railroad last Monday afternoon. Mr. J. W. Stead, while under the influence of liquor laid down beside the track and the log train came around the curve backing out into the wood. The engineer, Alex. Betran, could not have seen the unfortunate man as there were five trucks between his engine and the man. He felt as if a truck had jumped the track, and as quickly as possible he put on brakes, and to his horror he discovered that he had struck a man. Betran gave an alarm at once and in a few minutes a crowd gathered there. At first the man was not known, as he was doubled up, with his head jammed against the track and his mouth was bruised. As soon as the poor man was straightened out, it was at once identified as Mr. Stead, who but a short time before had been seen going in that direction. Upon examination it was found he had received a glancing blow from a truck wheel which scraped off hair from the side of his head, and it appeared that his neck was broken also.

GEORGETOWN.  
Georgetown Times.

A commission has been issued to the Pee Dee Steamboat Co., H. Kaminski, W. W. Taylor and E. W. Kamiński being named at the corporators.

The case of ex-Probate Judge Green will come up in the Supreme Court next week. J. J. Hicks, Esq., and Lee and Moise, of Sumter, will represent the appellant.

Ex-Secretary Lamont says that Mr. Cleveland is preparing for a duck shooting expedition with Gen. Alexander at Winyah Bay within the next week or ten days. Look out for him.

A new ticket for municipal honors was posted on the market this week, viz, J. B. Steele for Mayor, and Messrs. T. M. Merriam, H. H. Gardner, C. L. Ford and Peter Woodruff for Aldermen.

Mr. John W. Dorr died on Thursday night last, age about 83 years, at the residence of his son, Mr. E. M. Dorr. Deceased was a well known citizen and rice planter, and has been living in and around Georgetown every since the war. A man of kindly disposition and big heart has gone to his reward. The remains were

interred in Elmwood cemetery yesterday afternoon.

Two Mormon elders, Rev. John Hunter, of American Fork, Utah County, Utah, and Rev. John A. Fortie, of Heber City, Wasatch County, Utah, arrived in the city this week, and we understand, will make this their field of operation in the future, preaching the doctrine of the "latter day saint." They held services at Moses' Hall last Wednesday night.

This village was excited a few days ago by a would be negro suicide. The man was caught stealing rice from Mr. O. B. Skinner and brought here to be dealt with by Squire Ford early one morning. While waiting for Mr. Ford to get to his court room, the negro attempted to cut his throat with a pocket knife. He was thought to be a dead man at one time, but recuperated sufficiently to be sent to the county jail after a preliminary hearing—Plantersville correspondence.

## Persistent Coughs

A cough which seems to hang on in spite of all the remedies which you have applied certainly needs energetic and sensible treatment. For twenty-five years that standard preparation of cod-liver oil,

### SCOTT'S EMULSION

has proved its effectiveness in curing the trying affections of the throat and lungs, and this is the reason why: the cod-liver oil, partially digested, strengthens and vitalizes the whole system; the hypophosphites act as a tonic to the mind and nerves, and the glycerine soothes and heals the irritation. Can you think of any combination so effective as this?

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

We are informed that the 1898 Almanac of Prof. Irl R. Hicks is now ready, and judging from its past history, it will not be many weeks in finding its way into homes and offices all over America. It is much larger and finer than any previous issue. It contains 116 pages, is splendidly printed and illustrated on fine book paper, having the finest portrait ever given of Prof. Hicks. It can no longer be denied that the publications of Prof. Hicks have become a necessity to the family and commercial life of this country. His journal "Word and Works," aside from its storm, weather and astronomical features, has taken rank with the best literary, scientific and family magazines of the age. Do not believe hearsay and reports. See the Hicks Almanac and paper for yourself. You will then know why they are so popular. They are educators of the millions, and unrivaled safeguards to property and human life. It is a matter of simple record that Prof. Hicks has foretold for many years all great storms, floods, drouths and tornadoes, even the recent terrible drouth all over the country. The Almanac alone is 35c a copy. The paper is \$1 a year with the Almanac as a premium. Sent to WORD AND WORKS PUB. CO., 2201 Locust St., St. Louis, Mo.

### The Dreaded Consumption.

T. A. Slocum, M. C., the great chemist and Scientist Will Send Free to the Afflicted, 3 Bottles of his Newly Discovered Remedies to cure Consumption and all Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., of 183 Pearl Street New York City.

Confident that he has discovered an absolute cure for consumption, and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of The County Record who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific course of medicine has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt. There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured in all parts of the world.

Don't delay until it is too late. Address T. A. Slocum, M. C., 88 Pine Street, New York, and when writing the Doctor, please give express and postoffice address, and mention reading this article in the County Record.
